

Nortec Minerals strengthens Tomboko Technical Team

Vancouver, BC / TNW – Accesswire / June 6, 2018 – NORTEC MINERALS CORP. (the “Company” or “Nortec”) (TSXV: NVT) – is pleased to announce that Dr. Serigne Dieng Ph.D., M.Sc., AusIMM, has joined the Company’s technical team as Senior Consulting Geologist to provide exploration services in connection with the Company’s earn-in joint venture of the Tomboko Project and other holdings in North-eastern Guinea, West Africa. He has over 20 years’ experience in geological and structural interpretation, modelling and target generation of various types of deposits in West Africa and Canada.

Dr. Dieng received his Ph.D. in Structural Geology, Exploration Geochemistry and Ore Deposit Genesis from Queens University, Kingston, Ontario. He is a registered professional geoscientist in accordance with NI 43-101 and JORC standards. Dr. Dieng will be reviewing and compiling all the diamond core, RAB and trench sampling data and results received to date. He will also carry out structural analysis and interpretation to define targets for future work programs. He is well-versed with the Tomboko, Kouroussa and Badamako projects having worked on the permits from January 2012 to October 2014.

Serigne said: "I am pleased to be joining the Tomboko Project team and to be leading the exploration programs and potential future development on their Guinea project portfolio. I have extensive experience in the discovery of the Tomboko, Kouroussa and Badamako large gold targets and other deposits in North-eastern Guinea and I'm confident in the Company's ability to develop their projects to the next level."

Mohan Vulimiri, Chairman and CEO said: “We are pleased to have Serigne joining our Tomboko team and leading the target definition and potential future development of our Guinea Projects.”
